

North Carolina Society of Radiologic Technologists, Inc.
AN AFFILIATE OF THE ASRT

Rhonda Weaver, MHA, RT(R)(M)(BD)(CT)
Nominated for ASRT Delegate

Professional Involvement:

- Service to the NCSRT, Inc.
 - Board of Directors (secretary, president-elect, president, chair of board)
 - Instructor Committee Chair
 - Annual Conference Chair
 - Venue Liaison
 - Alternate Affiliate Delegate
- Service to the ASRT
 - Scanner Editorial Committee
 - CT Curriculum Workgroup

- Medical Imaging Program Chair at Cabarrus College of Health Sciences

Candidate Position Statement:

Through my involvement with the NCSRT, Inc. board of directors I have had an opportunity to participate in new initiatives and participate in legislative actions which impact the technologists of our state. I have served as alternate affiliate delegate for three years. This opportunity exposed me to the inner workings of the ASRT house of delegates and provided a better understanding of how our national society helps to support the state affiliates goals and initiatives. I would be honored to be the voice of the technologists of North Carolina with a seat at the ASRT house of delegates. I feel that could help the NCSRT, Inc. as Affiliate Delegate build a bridge between our society and the ASRT to ensure our state society receives assistance and support to move forward into the future.

North Carolina Society of Radiologic Technologists, Inc.
AN AFFILIATE OF THE ASRT

Stacey M. Rotchford, MBA, RT(R)(CT)
Nominated for Vice President

Professional Involvement:

- NCSRT, Inc.- Secretary, Board of Directors 2015-2017
- NCSRT, Inc.- Vice President, Board of Directors 2017-2018
- NCSRT, Inc.- Alternate Delegate to ASRT House of Representatives 2017-2018
- ASRT Committee on RT Advocacy Region 7 Subcommittee 2015-2016

- Clinical Radiology Operations Manager at CHC NorthEast

Candidate Position Statement:

As the voice of NC technologists, the NCSRT, Inc., is a tireless advocate for our profession and the highly skilled technologists that provide imaging services in our state. I'm committed to working with the society to increase professional visibility and imaging excellence through educational opportunities for both technologists and students.

North Carolina Society of Radiologic Technologists, Inc.
AN AFFILIATE OF THE ASRT

Evelyn Grove, B.S., M.Ed., RT(R)
Nominated for Board Member At-Large

Professional Involvement:

- NCSRT Annual Conference, Volunteer Coordinator 2017 & 2018
- Radiography Instructor at Fayetteville Technical Community College

Candidate Position Statement:

Teaching radiography is my passion. Being in the discipline for 21 years, 13 as an educator, I have been able to bring about new ideas to the classroom and deliver modern, relevant instruction to students. I would like to see more continuing education for both technologists and students which helps them remain at the forefront of digital imaging.

Heather MacMoyle, BS, RT(R)(CT)
Nominated for Secretary

Professional Involvement:

- ASRT Student Leadership Development Program: 2013
- MemberClicks Liaison: 2013-present
- NCSRT Social Media Committee Chair: 2014-2016
- NCSRT Annual Conference Registrar: 2016- present
- NCSRT Secretary: 2017- present

- Cape Fear Valley Hospital System CT & X-Ray Technologist

Candidate Position Statement:

Even before I became a radiography student, I knew I wanted to not only give back to the community and my patients, but those in my profession as well. Good health care, growth and change begin with us. Medical imaging professionals are the greatest advocates for their needs. I strive to provide a voice for the imaging technologist and enact changes to improve our profession and patient care.

North Carolina Society of Radiologic Technologists, Inc.
AN AFFILIATE OF THE ASRT

Tonya J. Smith, BS, RT(R)
Nominated for Secretary

Professional Involvement:

- Wake Tech Heart Walk
- Imaging Clinical Instructor at Wake Technical Community College

Candidate Position Statement:

I am passionate about our profession and I have a desire to see the NCSRT membership grow exponentially. As an Assistant Professor at Wake Technical Community College, I have served on program committees and volunteered for several events. I am proud to be a member of the NCSRT!

North Carolina Society of Radiologic Technologists, Inc.
AN AFFILIATE OF THE ASRT

Kimberly Fingland, BAS, RT(R)
Nominated for President-Elect

Professional Involvement:

- NCSRT Legislative Committee
- Clinical evaluator at Fayetteville Technical Community College
- Transformer, Cape Fear Valley Health Physician Satisfaction Chapter
- Diagnostic Technologist at Cape Fear Valley Health System

Candidate Position Statement:

I have been nominated this year for the position of President -Elect of the NCSRT. I have accepted and feel I have the qualities and qualifications to perform the role and enrich our society in North Carolina. I have been a registered diagnostic technologist since 2002 with Cape Fear Valley Health System. During that time, I have received my Bachelors in Allied Health with a minor in Management from Campbell in 2010 and recently completed the requirements for the registry in Mammography. I am currently on our Legislative committee and hope we will succeed in Licensure for technologists in NC this year. This is a very important cause to me being a technologist and a parent working with ionizing radiation. Which leads to education, another big issue to me with students and the public/patients. If we don't educate our patients and/or our students, who will? I will be dedicated to the roll if elected and perform it to the best of my ability and understand it will be a 3-year commitment to the NCSRT. I will be looking to you for suggestions and help with my role in the NCSRT to relate to our recent and upcoming graduates to join our society by increasing our societies presence in the digital age
